About YWCA BC

YWCA BC is a registered charity that has served the community since first opening our doors in 1897. Our vision is a just and equitable world for women, families and allies. Our mission is to advance gender equity alongside women, families, Two-Spirit and gender diverse people through advocacy and integrated services that help support personal, collective and economic wellbeing. Our programs and advocacy are evidence-based, grounded in front-line expertise and informed by the people we serve.

Our 2024-2029 Strategic Plan is centred on three overarching goals:

- We lead in participant-centred, integrated programs and services.
- We inspire transformational systems and culture change through education and advocacy.
- We unite as an inclusive, responsive and thriving organization.

About YWCA Canada

YWCA Canada is a leading voice for women, girls, Two-Spirit and gender diverse people. Incorporated in 1893, YWCA Canada is the country's oldest and largest multi-service feminist organization, working to advance equity through national advocacy and grassroots initiatives.

YWCA BC is one of 29 member associations that comprise YWCA Canada, which serves as the national coordinating body for the YWCA movement. In turn, YWCA Canada is a member association of the World YWCA, which unites 25 million women and girls worldwide and spans 125 countries.

Each member association operates autonomously, governed by a local Board of Directors and serving the needs of its local community. Together, the Canadian member associations set policy for YWCA Canada and elect its Board of Directors.

Advocacy

Through our advocacy, we engage government, business and community leaders to transform policies and practices in support of gender equity. We strive for an intersectional approach, recognizing that inequities related to race, Indigenous identity, socioeconomic background, gender and sexual orientation (among others) are intersect and compound the barriers women and gender diverse people face.

Broadly, we advocate for:

- Gender equity
- Women's economic wellbeing
- Affordable housing
- Access to justice
